Options For Wrapping

Image Wrap

Image wraps around the sides of the canvas.

White Wrap

White wraps on the sides of the canvas.

Black Wrap

Black wraps on the sides of the canvas.

Color Wrap

Pick a color to wrap around the sides of the canvas.

Word Wrap

Custom text can be placed on the sides of the canvas.

This option is available only on Museum Gallery Wraps and there is no extra cost for this service.

Tips to Care for Canvas

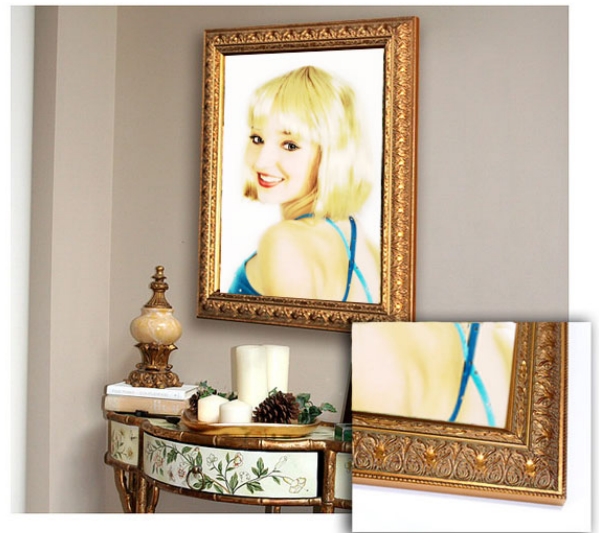

Prints can be wiped with a slightly damp, clean, chemical-free cloth. Don't place stretched prints too close to direct heat or high variations in cold/warm.

Hanging hardware is included in the price.

Hanging hardware for your Canvas gallery-wrapped prints is a heavy duty wire that is attached across the back of the frame, which allows the print to hang flush against the wall.

Your hanging hardware allows your canvas print to be easily displayed as soon as you receive it.

The back is covered in a dust cloth and there are rubber wall bumpers on all corners.
